

**UNITED STATES  
PATENT AND TRADEMARK OFFICE**

# Inclusive Innovation Partnerships

**Valencia Martin Wallace**, Deputy Commissioner for Patents

November 16, 2022

Patent Public Advisory Committee meeting

UNITED STATES  
PATENT AND TRADEMARK OFFICE ®

# Council for Inclusive Innovation (CI<sup>2</sup>) leadership

# New public-private collaboration

- The USPTO recently signed a memorandum of understanding (MOU) with the United States Intellectual Property Alliance (USIPA).
- We agreed to begin collaborating to educate many traditionally in underrepresented groups to expand access to the U.S. IP ecosystem.

# Innovation education partnerships

Work-based learning experience for high school students conducted in partnership with the **Urban Alliance**

**EquIP HQ** is your invention education headquarters for everything related to intellectual property.

**Master Teacher of Invention Education Program (MTIP)** is a train the trainer program supported by the USPTO and STEMisED.

# Innovation education

**Kids, students, and educators** can learn more about activities for kids, teens, parents and teachers educational and outreach programming at the USPTO.

**National Summer Teacher Institute (NSTI)** combines experiential training tools, practices, and project-based learning models to support elementary, middle, and high school teachers and increase their knowledge of inventing and innovating.

Virtual NSTI will be held in July 2023.

# National outreach partnerships

**National Inventors Hall of Fame programs** reach 250,000 K-college aged students nationwide annually with hands-on STEM and invention education.

National Inventors  
Hall of Fame®

Camp Invention®

**National Medal of Technology and Innovation** is America's highest honor in technological achievement, awarded by the President.

**National Academy of Inventors** is a membership organization for academic inventors and their institutions.
